Dear parents, guardians and friends of Golden Hill Steiner School,

It has been a delight this week to be back at Golden Hill. The children have grown over the summer break, new children have joined us and every class is taking up their new work with enthusiasm. I have been using the opportunity of being at Golden Hill for a few more weeks to spend time visiting the classrooms, observing children and teachers at their work. It has also been good to catch up with parents and community members and meet new families.

A couple of reminders for new and old: please remember to come to the office and sign in when visiting the school and then return to sign out before you leave. This applies to any adult coming onto school premises whether to help, to attend playgroup, to collect children, in fact for any purpose.

Please slow down in the car parks and be especially careful around the buses. It is so hard to see small children around cars and buses.

With warm wishes
Barbara

The Golden Hill Steiner School Gardens

A heartfelt thank you to the community members who kept our gardens refreshed and full of life over the school break. The class room vases and cooking kitchens show the depth of your care.

School Bus Services

Travel to and from school via bus is a contracted agreement for families with School Bus Services.

To access this service utilise the following link "Parent information" which will take you straight through to family information.

When your family is registered the school office must be informed of the days your child is utilising the bus service.
